**MESA GROCERS AND BAKERS ORGANIZE**

MESA, May 1.—At a meeting held yesterday afternoon in the Guild hall representatives of the grocers and bakers of the south side gathered to hear Mr. Elliott government representative on the steps required by the government of all retail dealers in wheat products, and proceeded to organize along the lines laid down by the speaker. There were business men present from the various towns on the south side and also from the country stores scattered through the district.

J. T. Lesueur of the Lesueur Grocery company was chosen chairman of the meeting and C. Fred Brackett secretary. An executive committee was selected consisting of J. T. Lesueur, C. Fred Brackett, A. Lukin of Chandler, B. Matley of Tempe, and N. L. Nowell of Gilbert.

The result of the meeting is that a system will be inaugurated in conformity with the government plan, by which a close and accurate check will be kept upon the amount of wheat flour and bread each family purchases each 20 days. This system will prevent the purchasing wheat product for the thirty days through any grocer other than the one selected by the buyer for the 20 day period. The details of the plan will be given at a meeting to be held in the Guild hall on next Tuesday evening at 8 o'clock. At this meeting the government representative will be present and make any needed explanations. All grocers and bakers of the south side are expected to be present as it will be necessary for all to conform to the plan and the wisdom of it will appear as they realize the need of strict regulation of the sale of flour bread.

The grocers present yesterday and who signed up are the Steele Grocery company, Mesa; Lukins Cash grocery, Chandler; Chandler Mercantile company, Chandler; W. Lukin, Tempe; Smith and Pleasant, Chandler; B. Matley, Tempe; C. W. Coe, Mesa; C. R. Clark, Mesa; Vance Bros, Mesa; Calcutt, Lehi; Oveida brothers, Tempe; Dick Lee, Mesa; J. B. McElwain, Mesa; J. W. The building which is to be of brick will be 40x70 feet with an addition on the side 24x30 feet that will be used as a gasoline service station. The McArthur brothers salesroom is now located in the building adjoining the Toggery on the east, but is insufficient in size for the proper display and handling of the stock of autos kept at Mesa. In the new location a supply of auto accessories will be handled.

**Flying Squadron Visits Mesa**

Two hours late but full of "pep" the Liberty loan flying squadron came into Mesa yesterday at 12:30 o'clock, escorted by three decorated autos filled with women workers of Mesa, who had journeyed to Tempe and waited patiently in the dust storm for the arrival of the hoisters from the Capitol city. However the music which the visitors brought along and the live wire talks made, compensated for all delays. It is to be regretted that the visiting delegation was unable to make the schedule, for a large crowd had assembled, and the high school cadets were on hand in full uniform, the girls of the school also being present.

Even as it was a goodly number greeted the speakers, who expressed themselves as highly pleased with the hospitality shown by the gate city. Those comprising the squadron were Charles McArthur, Paul Renau Ingalls, Art Ricks and Mesdames Chester, Reid, A. G. Dulmage and White.

In connection with this Liberty loan drive, a work is being done by a number of Mesa women, which deserves the sincere thanks of all residents of this district. They began on the first day and have never ceased their steady careful checking up of all prospects, and seeing that no man or woman may offer an excuse that no one has asked them to subscribe. When all is over and Mesa has doubled or well nigh doubled her quota, there will be a community wide feeling of gratitude to the women who are making such persistent efforts toward aiding their country in its call for funds. \$38,000 had been secured at the close of banking hours yesterday.

**For Some Soldier's Mother**

At the time of the departure of the last contingent, on Friday, April 26, a gentleman was handed a postal by one of the soldiers with the request that it be mailed. Later the holder of the card noticed that it had no address and after endeavoring to ascertain the identity of the parents handed the card to the Mesa correspondent, and it now is quoted in the hope that the parents may address the "Arizona Republican, Mesa Correspondent" and receive the postal. The wording follows:

"Dear Mother and Father: Well we are on our way, and believe me we are some jolly bunch and having the time of our lives. Believe me I felt sorry for some of the fellows whose folks broke down, and of course they did too. I didn't know mother you had such grit. Lots of love to both of you. (Signed) Clarence."

Yesterday at noon fire was discovered by Mrs. Clark coming from all sides of the warehouse on East Fourth street. About 40 tons of hay belonging to the A. J. Peters company was stored in the building which was owned by C. J. Bandieux. The loss was covered with insurance. Both hose carts made quick runs and a heavy stream of water was turned on the Fogal house, which is occupied by E. G. Clarke and also on the west of the warehouse. Such a strong wind was blowing that had not the department responded quickly it is doubtful if the business houses facing Mill avenue in that block could have been saved.
